Professional Summary

Front-End and React Native Developer with proven expertise in designing and developing responsive web and mobile applications. Proficient in React.js, React Native, Next.js, Tailwind CSS, and TypeScript. Skilled in building user-friendly interfaces, optimizing performance, and creating seamless user experiences. Strong problem-solving abilities, a passion for innovative design, and a commitment to continuous learning. Seeking opportunities to contribute to impactful projects in fast-paced environments.

Education

Bachelor's in computer applications   ***2021-2024***

R.N College Hajipur, Vaishali, Bihar   Grade : First Class

Projects

- ✓ **QR Code Scanner App** | **App Link**
  - Built a mobile app to scan and decode QR codes, providing users with quick access to embedded information or links.
  - Integrated a camera-based QR code reader with real-time scanning functionality.
  - **Technologies**: React Native, Expo, TypeScript

- ✓ **Task Management & To-Do List App | App Link**
  - Created a mobile application for managing tasks effectively with features to add, delete, and mark tasks as complete.
  - Optimized the interface for both Android and iOS platforms using React Native and Expo.
    Technologies: React Native, TypeScript, Expo

- ✓ **Pdf Merger Tool | Live Demo**
  - Developed a user-friendly web application that allows users to merge multiple PDF files into a single document effortlessly.
  - Focused on providing a seamless experience for users.
    Technologies: React.js, Tailwind CSS, JavaScript

- ✓ **E-commerce Full-Stack App – Shukla Stationary Shop | Live Demo**
  - Designed and developed a full-stack e-commerce application for managing a stationary shop.
  - Features include product listing, user authentication, shopping cart, and order management.
  - Backend built using Express.js and MongoDB, with secure APIs and responsive front-end built using React.js.
    Technologies: React.js, Tailwind CSS, Express.js, MongoDB, TypeScript

Technical Skills

- **Frontend Technologies**: React.js, Next.js, Tailwind CSS, HTML5, CSS3, Bootstrap, JavaScript, TypeScript
- **Mobile Development**: React Native, Expo, React Native Animations
- **Full-Stack Development**: MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Programming Languages**: Python, Java, C++
- **Databases**: MySQL, MongoDB
- **Version Control**: Git, GitHub
- **Tools**: Figma, VSCode

Certifications

- **Meta Frontend developer Specialization**

Achievements

- ✓ Successfully deployed multiple web and mobile applications with positive feedback from clients and users.
- ✓ Actively contributed to open-source projects and technical forums, enhancing technical skills and industry connections.
